2023 Reno British Motor Show

It is always hard to pick the right date for something when it is happening 9-12 months after you pick the date. This show ran into those issues. The venue wasn't available, life events happen, and then there is the WEATHER. After much stressing and teeth grinding, the weather held. Our committee member Norm (trophy selector extraordinaire) said "Don't worry about the rain. When it happens, it rains above the park area and below the park area." Norm predicted correctly and we had a few sprinkles but that was it.

Our club volunteers went over and above once again, as did our other club members. We had 91 total cars register for the show and we were sorry a few of the cars were unable to join us on the day of the show. The folks that came had a great day and even though the skies were overcast it was comfortable to wander and enjoy the many cars that were able to make it.

Brian Kahler again raised the IT bar and created a QR code program that our registrants could use for Participant's Choice and our judges could use for the Best In Show. It was easy and fun. We still had a paper and pen ballot available which gave everyone a comfortable way to vote.

Peter Gulash was able to have two "15 minutes of fame" on the TV spots that were secured by Lawson Fox. I thought he did a great job but I may be biased.

The show had a fabulous silent auction this year due to the many donations from our incredible members and excellent business partners. And we can't forget to thank the entire Moberly Clan for their hard work and tireless efforts. We know we made a profit but until all the bills are paid, we will not know how much. The Boys and Girls Club made about \$875.00 to add to their coffers and the kids had plenty of lunch to eat and to share with their families.

Lunch was provided from Port Of Subs which made lunch fast and filling. This year we had the addition of a food truck. Carbon Coffee was available with coffee, tea, and some tasty food items. They loved our members and want to work with us again. Land Rover also joined in the fun and brought along donuts. How can you resist a donut?

We had our MC, Derek Bowman on hand to make all the announcements and our four judges, Tim Dickey from Integrity Automotive, Peter Fox from Land Rover, Kevin Kemper from Sierra Classic Sportscar, and TJ Sheldon from Land Rover to judge the cars that wanted to be entered into the Best of Show category.

And onto the Registrants, Winners and best of all, the Photos!
