## Welcome Back - Finally!!

It seems like forever, but the RBCC was finally able to have a coffee at Mimi's. There were 27 vaccinated, masked, social distanced folks who thoroughly enjoyed their breakfast together. There were many things discussed especially the planned events of the future. Peter opened by welcoming everyone back to the favorite RBCC breakfast spot. The past waitresses were not on hand, but as always the service was great and many folks can't wait until the next time. **Coffees are now on for every other Wednesday at Mini's at 9:00, so mark your calendars.** We are still requesting fully vaccinated folks so that everyone we love is kept safe and healthy. (More photos on the next page)

The parking lot is over run with LBC's.

Coffee at Mimi's continued. More Cars and the most important part of our club, OUR MEMBERS!!

Next Coffee:  
Wednesday, April 14,  
2021

Club members!!

# For Sale:

## 1967 MGB GT with OD

**Purchase Price:** \$5,600 (2015)

**Transportation Costs:** \$600

**Estimate Restoration Budget:** \$4300

**Actual Total Spent on Car:** \$13,675.67 **Fair offers accepted.**

**Location:** CA originally, currently registered in NV with clear title. **Color:** Red (But not factory as it was re-sprayed by nonprofessional, and you can tell.)

**Miles:** Unknown but guessing in the 60k to 90k range.

It has a new to it speedometer with 94K on it. It had the original seats removed and replaced with seats from a 72 GT after having them reupholstered in a beige with red piping in leather. I plan to get new period correct seats and have an all-black interior while keeping the dash and carpets black.

I started this project when I was single and had time and now I'm getting married and also have learned that I am a motorcycle guy with several of those projects in my garage. Time to pick and I can fit two motorcycles in the space of this one MG. I hope to find someone that will finish it as a good, fun vintage driver car which was my intention when I bought it. I am 6'3" and 250 and can fit in this car very well which is rare for such a small old car. Starting with a low minimum and selling with no reserve so someone will get a great car for an even greater price. ## Getting to Know You:

Hello from Paul Rader. In 1948, I drove my friend's 1948 TC in high school while he waited to get his drivers license (Yes, I had hit the Jackpot.) Then came a 1964 MGB while in college and I later owned a 1967 MGB-GT. I owned this for a number of years until it caught fire.

I recently, purchased a 1961 MG Midget. It is currently waiting for parts at a garage in Meadow Vista, CA.
