MUST RSVP: By Saturday, Oct. 2 with the number in your party and
your choice(s) of entrée. Karen at kgulash13@gmail.com

Record September

September was a busy month which started off by a fantastic drive and lunch at Washoe State Park. The convoy of 25 cars left Tamarack Casino at 10:35. We had a drone recording parts of the drive. Things were timed out so that all 25 those cars were able to make the light and continue on together. It was quite a sight and the folks on Virginia Street even moved out of the right hand lane so all the cars could be streamed together. At 10:50, Peter received a frantic call to slow the process down so the park could get our site ready. They had canceled our reservation. That wasn't the only snafu, lunch was a little late even though the parties involved had been in contact and everything was set and arranged. It all worked out well for the 64 folks and 28 LBCs. Everyone was in a jolly mood when the food arrived. We had a moment of silence for 9/11 and then dug in. (Con't. on page 2)

Con't. from page 1

I must say one of the hits of the day were the Morris Minor Jello Molds provided by Bruce Blair and The Morris Minor Garage. Thank you again to Bruce Blair for providing our wonderful lunch in addition to making the mini jello molds. Here are some photos from the day supplied by Tom Doyle, Andy Killian, and Dennis Tholen.

The club will be sending out a link to the drone video and still photos which were done by

CK Drones, Caden Kuster (Grandson of members, Ken and Terry Mobley)

And the Month Goes On: IBCC

The Idaho British Car Club combined its Summer Tour and its Southwest Idaho All British Field Meet for a show September 16-19, 2021. RBCC was represented by five cars. And of course there were some winners from Reno.

The Manchesters took 1st place for Members Favorite and 2nd Place for Peoples Choice with their 1956 Jaguar XK140.

Kieran Burke took the Youngest Owner Award, with the ownership of his 1974 orange MBG. Although he cannot drive yet, he is looking forward to redoing his car and making it the perfect first ride. And yes it made the trip on its own four wheels. Dad, Sean drove the car.

UBSCC (Dixon Show)

The United British Sports Car Club held its annual Car Show On Sunday, September 19, 2021 in Dixon, California. The show was attended by a few of our members and they took home some prizes.

Pam Schuler took 3rd place in the Winner Circle for her 1966 MG1000.

Dennis Conley took Participant's Choice 1st Place for his Triumph TR8.

Ken Freeland took Participant's Choice 2nd Place for his Vintage Mini and Gary Norton took Participant's choice 1st Place with his Triumph TR6.

Dixon Show 2018

More from the Winner Circle in Dixon in 2018. Pat and Dennis Tholen with their 1960 TR3, and Susie and John Young with their 2003 Jaguar XK8.

Swap meet table overseen by Tom Doyle, Norm Peterson, Andy Killian and Joe Coster. (I only see Peggy,
